

The management of Glacial Plains Cooperative has decided to limit our in-person interaction with the public. While we miss seeing our customers, we want to make sure we are able to keep our customers and employees as healthy as possible as we approach our spring season.

Staffed Locations – We will be immediately limiting our face to face meetings. All GPC locations will be closed to walk-in traffic. Business you would normally conduct in-office will now be handled via phone, email or mail.

Product Pick-up – Product is vital to your operation, and we want to make every effort to provide products to you conveniently. Our staff is able to deliver to your farm as long as arrangements are made to limit person to person contact. If you prefer to pick product up at our locations, we ask that you call ahead so we can have your order ready to be loaded. Please allow us to load your order to again limit contact.

We are doing everything we can to keep your operation running smoothly during this trying time. We look forward to being able to resume our normal business practices as soon as possible.

Thank you for your business, and for your cooperation through these changes.

Sincerely,

Management and Staff

Glacial Plains Cooperative
